HOW DOES IT WORK?

Through the 4Stay portal, students can book available dates, select their preferred accommodation, and send a reservation request to the host in just a few clicks. This simplifies the booking process and makes it a stress-free housing experience. Here's how the customized Housing solution works:

- Our students can independently find their housing via 4Stay's <https://housing.nylanguagecenter.net> booking portal.
- The portal is safe and easy-to-use with fully-vetted landlords and hosts around all 2 of our campus sites for online booking.
- There are choices of Homestay, dorm-style, furnished apartment or hostels.
- Typically, the listings/inventory are on a **first come first served basis**.
- 4Stay provides 24/7 customer service by email and phone*
